Drop & Go allows customers to drop off their beverage containers without waiting in line!

SARCAN staff will still count your beverage containers, we'll just count after you leave the building. And best of all... you still get paid to recycle your beverage containers at SARCAN!

We are happy to offer you three payment options for your Drop & Go orders:

HOW DROP & GO WORKS

Sign up for a Drop & Go account online before you visit

Sort your order at home:

- Place all glass in boxes
- Place all non-glass containers into plastic bags
- Remove all caps

Visit your local SARCAN depot and log into your account at the Depot's Drop & Go kiosk

Print off one label for each bag and box you are dropping off, place one label on each bag and box, and drop your order off with our staff

Go! Leave the depot and wait for your payment, which generally takes between 3 and 5 business days

Why do I Have to Separate Glass?

Glass bottles returned in plastic bags are very likely to break and create a safety hazard for our team of recyclers. Customers will not receive a deposit refund for glass containers that break in the Drop & Go system. That is why glass must be returned in cardboard boxes and not in plastic bags.

What if I Don't Remove My Caps?

Customers will not receive a deposit refund for containers returned with their caps on. The deposit value of all containers with caps left on will be donated to Telemiracle, SARCAN's corporate fundraiser of choice.

Want to Host a Virtual Bottle Drive?

Many groups use Drop & Go to host virtual fundraisers. Use a group Drop & Go account and share your "group phrase" to allow your supporters to donate their deposit refunds to your fundraiser. Visit our website for more information on how to host a virtual bottle drive.
