

How to Collect

Empty & Clean! Sort and separate items at home before bringing to SARCAN.

Flexible Plastics:

Ensure the items are clean and empty, then bag flexible plastics together - **Pro Tip!** Use an accepted flexible plastic bag to collect and store your flexible plastics!

Stickers, tape, and paper labels adhered to the plastic are accepted.

Foam Packaging:

Ensure the items are clean, then collect white foam together and coloured foam together.

Pro Tip! Since foam items need to be placed in the bagstand loosely, use a reusable bag to bring these items!

Stickers, tape, paper labels, and liquid absorbing pads need to be removed.

Non-deposit Glass Bottles and Jars:

Remove the lids and ensure items are clean.

Pro Tip! Collect non-deposit glass with your deposit glass containers in a bin or cardboard box!

Bottles and jars must be intact and not broken.

RECYCLING AT
SARCAN!**

About SK Recycles

SK Recycles is a not-for-profit organization responsible for managing the recycling of household packaging and paper across Saskatchewan.

Working with producers, local governments, First Nations and Métis communities, private companies, and other organizations, SK Recycles ensures household materials are collected from households and depots, sorted, and responsibly recycled.

Their program is funded by businesses that include retailers, manufacturers, and restaurants that supply packaging and paper to Saskatchewan residents.

A Part of Your Community

Through our partnership with SK Recycles, all 73 SARCAN Recycling depots across Saskatchewan accept flexible plastic packaging, foam packaging, and non-deposit glass bottles & jars. Visit sarcan.ca to find the location nearest you and find out their hours of operation.

Flex Your Recycling Skills:

Recycling these materials at your local SARCAN depot is quick and easy!

When you get to the depot, look for the SK Recycles signage and bagstand station.

- Collect your flexible plastics in an accepted plastic bag and place it in the bagstand.
- Sort foam by colour into the designated bagstand, placing each piece in loosely.
- Non-deposit glass can be collected and returned with deposit glass containers.
